

Forest School Friday

with Mrs Scott!

Week 2 - Scavenger Hunt!

Take a break and enjoy some fresh air outside. You could go in your garden or go for a walk with an adult, maybe take a stroll to your local park and see what you can find along the way. This is a fabulous way to explore nature and have lots of fun along the way.

Can you find a ...

- Pinecone
- Bug
- Puddle
- Brown Leaf
- Feather
- Insect
- Animal Track
- Something Smooth
- Something Green
- Something Rough

Maybe you could make a beautiful nature picture with what you have found or take some rubbings with crayons or pencils of the objects that you have collected.
