At St Michael's School we respect and care for ourselves, and each other. We work hard and try our best to use the gifts and talents that God has given us. Our mission statement is fundamental in all we do, including our work with our children with additional learning needs. We want to be able to give families information about the variety of ways we ensure we support our children with special educational needs (SEN) to achieve their potential.

We provide a full range of educational and pastoral support to all and our children with SEN make very good progress. The information here is general; each child is an individual and will receive unique provision and resources where necessary. If you would like further information, please contact our SENCO by email: or phone on 0191 2739383.

St Michael's is a fully inclusive school. We ensure that all pupils are supported to reach their potential personally, socially, emotionally and academically regardless of their gender, ethnicity, social background, religion, physical ability or educational needs. We recognise, and value, the need for a full range of educational and pastoral support. In addition to a fully qualified SENCO (Special Educational Needs Co-ordinator) and SENTA (Special Educational Needs Teaching Assistant) we work very closely with various professionals from a wide range of outside agencies.

This document outlines the variety of ways we ensure we support our children with SEND (Special Educational Needs and/or Disabilities) to achieve their potential. It outlines the skills, resources and techniques that we currently use to provide a full range of educational and pastoral support for all of our children. This continues to be developed and modified to meet the changing requirements of each individual child, allowing them to receive a unique provision.

If you would like further information about the support we can offer please contact: Jenny Consterdine (SENCo) 0191 2739383. In addition, our school SEND link governor, Michael Scurr, is contactable via school.

Parents can also contact their local **Newcastle Special Educational Needs and Disabilities Information, Advice and Support Service** for impartial information, advice and support in relation to their pupil's SEN and/or disability. Newcastle SENDIASS can be contacted on 0191 211 6255 or by email [SENDIASSadmin@newcastle.gov.uk](mailto:SENDIASSadmin@newcastle.gov.uk)

Children at St. Michael's Primary School with SEND are identified and taught following the requirements of the Special Educational Needs and Disability Code of Practice: 0-25. Children are identified as having SEND when their progress has slowed significantly and school based interventions have not enabled improvement. Concerns may be identified by school, a medical professional or by you as a parent/carer.

### **Identification of SEN**

The broad areas of SEND are difficulties in the areas of:

- Communication and interaction
- Cognition and learning
- Social, emotional and mental health
- Sensory and/or physical needs

In school the class teacher informs the SENCo of any concerns if a child's progress, in any of the areas above, is:

- significantly slower than that of their peers from their starting point
- does not match or better the child's previous rate of progress

- does not close the attainment gap between the child and their peers
- the attainment gap widens

Following a concern, school-based observations will be carried out to identify barriers to learning for your child. Slow progress and low attainment does not automatically mean a child is placed on our SEND register. Discussions with parents and professionals will take place to decide whether special educational provision is required. If it is felt that a child needs targeted provision that is additional or different to what is usually provided, with parents/carers agreement, they will then be entered on the SEN register to receive SEN Support. Decisions will be made to decide if a referral to outside agencies is required in order to develop a holistic approach of support for each individual child. Parents are informed of any outside agency intervention. Throughout the process you and your child's opinions will play a crucial part in addressing specific needs. The level of support your child receives may change throughout their time in school as interventions will be continually monitored and reviewed; progress will be tracked using our assessment process. There are regular opportunities for parents to discuss the progress of their child

**For all pupils with SEN:**

- We use pupil friendly SEN Support which clearly state the pupil's area(s) of need, their targets and the provision and resources to be implemented to support them in meeting the targets set for them.
- Use Newcastle SEND Mainstream guidance to support provision.
- We involve the pupil, parents or carers and key staff members in the writing, implementing and reviewing of SEN Support Plans.
- We deliver high quality teaching, differentiating the curriculum and our resources to meet the needs of individual pupils and to promote pupil progress.
- We seek support and advice from a range of outside agencies to ensure barriers to success are fully identified and responded to.
- We operate a graduated response based upon need; assess, plan, do, review which is monitored by the SENCO.
- All school-related activities are evaluated in terms of their positive impact on the learning success and inclusion of pupils with SEN.
- We use strategies to reduce anxiety/ promote emotional well-being.
- We ensure that our school activities and trips are accessible to all our SEN pupils.
- Support staff are placed where they are needed throughout the school to ensure pupil progress and independence.
- All staff have completed and continued to receive, on-going training in relation to meeting pupils' needs in the classroom.
- Support is offered to families and they are signposted to services and organisations which may offer appropriate support or advice via the Newcastle Local Offer.
- We offer support to all pupils and parents during all periods of transition
- We liaise closely with other schools at transition times to ensure that SEN pupil information is clearly communicated so that the move to the next school is as smooth as possible.
- We work in partnership with parents and carers to meet the needs of individual pupils.

In addition to the above, we also offer further support for those children who have a higher level of additional need or an Education, Health Care Plan (EHCP.) School, parents/carers or other professionals in health and social care can apply for an EHCP when a child has not made expected progress through the graduated approach of SEN support. It is a legal document that identifies educational, health and social needs and outlines the additional provision and support required to meet those needs.

This support includes:

-Provision specified in the EHCP

-Detailed planning leading to specific targeted interventions outlined for the Local Authority through a detailed Provision Map

- Close monitoring of progress against the targets

- Multi-agency planning and assessment of targets at interim reviews.

- Annual Reviews with recommendations submitted to the Local Authority

Specific provision is also provided for the different areas of need. The table below explains the details of this support

If you are at all concerned about your child's needs, their class teacher will be more than happy to discuss this with you at a mutually convenient time. You can also talk to Miss Consterdine who is the co-ordinator for special educational needs in school (SENCO). Our role is to support children and parents to ensure the needs of your child are being met.

### **Additional Information**

Newcastle's Local Offer is all of the information, advice and support that children and young people with Special Educational Needs or Disabilities (SEND) and their families might need to use. It's been brought all together and published it in one place, here on the Local Offer website. It's also got places to go and fun things to do. You can find school holiday activities, short breaks, and clubs and groups to join in with. There's advice and guidance on education, health and care and a range of young people's issues.
